

EASY & ELEGANT
Holiday Decorating
ROOM BY ROOM

**“Every room deserves a festive touch during the holiday season! These easy and elegant touches will make you and your guests smile as you go from room to room!”

Dining Room

Tie extra wide ribbon or lengths of tulle fabric into bows around the backs of your dining chairs...go a step further and add greens, snowflake ornaments or flowers to the knot. Also add a tabletop or full size topiary with mini lights to the corner of the room.

Kitchen

Create a vignette of holiday canisters or pitchers on your counter or island, place a tall vase with seasonal greens in the corner, add garland and lights above cabinetry and hang a small wreath in the windows with ribbon.

Bedroom

Lavish garlands around a mirror, doorway or canopied bed, hang a wreath over the bed adorned with ribbon and ornaments to compliment your decor. Also, scatter candles in silver and gold and embellish a tabletop tree with your jewelry.

Powder Room

Hang a garland embellished with crystals over the mirror, hang a piece of seasonal artwork and set out some glittery candles in a color that compliments the room or ties into your holiday decor colors. Also, in a pretty silver or crystal footed bowl, add some greens and mini ornaments.

Family & Living Room

Go all out decorating your full size tree! Coordinate your mantel decor with your tree using candles, ornaments, garlands and greens and be sure to add mini lights for extra sparkle. Also hang a wreath over a mirror or greens around the corner of the frame, replace your existing sofa pillows with new ones in a seasonal needlepoint or lush velvet to compliment your holiday decor. This would also be a great room to add fragranced potpourri or candles to a tabletop vignette.
